Processing life's transactions

# Ready... Set ... Sell!

Add new products with the snap of a pic, share across on Facebook and Instagram, accept payments directly in the app, and manage orders right from the palm of your hand.

## Sell on Social Media

Create a Facebook campaign in minutes to reach up to two billion active Facebook users and live chat with Facebook Messenger. Sell simultaneously on websites, social media marketplaces or in person from any device 24/7.

## Create your store in minutes

Fast and easy setup. On the Dyna eStore platform you can create a site subdomain using your own business name. Easy Integration with other site builders lets you add a store to any existing site in minutes.

## Inventory

Merchants' inventory control and order management work seamlessly together so online orders will not create inventory overlap with in-store pick up.

WELCOME CLOVER USERS!

## Take your Clover products online with Dyna eStore

Fast, powerful, & easy-to-use Everything you love about Clover — and then some. Instantly create an online store that connects with your Clover station automatically syncing your inventory, orders, and more.

We create innovative solutions  
for today's dynamic business environment.
