Secure and reliable physical, virtual or on-the-go payment terminals for professional services and small businesses. From law firms to plumbing services, our solutions are designed to simplify payments from your customers to improve your cash flow. Request payments via email or SMS and accept payments directly from your clients, reducing risk, time, and administrative costs.

On-Site payments with cutting-edge payment terminals.

Point of Sale, mobile apps or web payment gateway integration.

Secure and safe electronic transactions in compliance with PCI DSS.

Dynamics Payments LLC is a registered Independent Sales Organization (ISO) of Wells Fargo Bank, N.A., Concord, CA, and Oriental Bank, San Juan, Puerto Rico.

The Right Payment Solution for Your Online Business

Accept payments anytime, anywhere

Payment Gateways

Payment Gatways enables your store to process payments in any way that works for your business, whether it's through your website, mobile app, or manual transactions. We make it easy to accept credit cards and help ensure you get paid. It's that simple. A payment gateway authorizes and processes customers' transactions from the time they click "Buy" until the money appears in your bank account.

Payment Buttons

We are always looking for new ways to help your online businesses succeed. Start accepting online payments with a click of a button. Payment buttons are easy to create, integrate and use.

Security

Your customers' payment details will always be protected by the most up-to-date and reliable payment security, including EMV, PCI validated Point-to-Point Encryption (P2PE), and tokenization.

Resources for Developers

Our developer center has a full suite of tools including APIs, SDKs and documentation.

Solutions

- · Accept all major credit and debit cards
- · Payment links (Pay2Link)
- \cdot Virtual terminals
- · Recurring or automatic billing
